

JAM Construction - Client Outreach Strategy

Immediate Outreach Targets (Next 30 Days)

A. Contractor Database Development

- Compile list of 100+ mid-size contractors (\$5M-\$50M revenue) in Twin Cities
- Focus on companies with 10-50 employees who likely lack in-house estimator
- Include government contractors with public works experience
- Research contact information for owners/project managers
- Prioritize commercial and government contractors for initial outreach

B. Direct Contact Campaign

- Week 1: Contact 20 contractors via phone/email
- Week 2: Contact next 20 contractors, follow up on Week 1
- Week 3: Contact final 10 contractors, continue follow-ups
- Week 4: Intensive follow-up campaign on interested prospects

C. Outreach Script Template

“Hello [Name], this is [Your Name] from JAM Construction. We specialize in construction estimating services for contractors in the Twin Cities area. I understand you handle many projects that require accurate estimating. Our lead estimator has extensive commercial experience and can help you win more bids with precise estimates. Could we schedule a brief 15-minute call to discuss how we might support your business? We’re offering our first 5 clients a 20% discount on initial estimates.”

Medium-Term Outreach (30-90 Days)

A. Industry Association Engagement

- Join Associated General Contractors (AGC) of Minnesota
- Attend monthly networking events
- Volunteer for committees to increase visibility
- Sponsor local construction events

B. Government Contractor Focus

- Join Minnesota Construction Association (focus on public works)
- Attend Minnesota Department of Administration pre-bid conferences
- Participate in MnDOT contractor outreach events
- Connect with government contractors through trade associations
- Attend public project bid openings
- Enroll in City of Minneapolis subcontractor registry (if eligible)
- Pursue DBE/SBE/WBE certifications to access set-aside opportunities

- Market to prime contractors who need certified subcontractors to meet goals

B. Trade Show Participation

- Research and register for 2-3 construction trade shows
- Prepare booth materials and demonstrations
- Follow up with all trade show contacts within 48 hours

C. Referral Program Launch

- Create formal referral program with 10% commission
- Approach 20 existing contractors to participate
- Develop referral tracking system
- Recognize top referrers publicly

Long-Term Relationship Building (90+ Days)

A. Strategic Partnerships

- Partner with architectural firms for referral relationships
- Connect with lumber yards and supply houses
- Build relationships with insurance adjusters
- Develop connections with real estate developers

B. Content Marketing

- Publish monthly blog posts on construction trends
- Create quarterly market analysis reports
- Develop case studies (anonymized) showing cost savings
- Offer free educational webinars on estimating best practices

Digital Marketing Strategy

A. LinkedIn Campaign

- Optimize company LinkedIn profile for construction keywords
- Share weekly industry insights
- Join 5 construction-related LinkedIn groups
- Direct message 10 contractors per week with personalized messages

B. Google My Business Optimization

- Claim and optimize Google My Business listing
- Post weekly updates about construction market
- Respond to all reviews within 24 hours
- Encourage satisfied clients to leave reviews

C. Email Marketing

- Develop monthly newsletter for contractor contacts
- Include market trends, cost updates, and success tips
- Share client testimonials and case studies
- Maintain email list of 200+ construction contacts

Follow-Up Protocol

A. Contact Tracking System

- Log all contacts in spreadsheet with dates and outcomes
- Set automated reminders for follow-up calls
- Track conversion rates by outreach method
- Monitor which tactics generate highest ROI

B. Nurturing Strategy

- Send monthly value-add content to cold prospects
- Offer free 30-minute consultation to warm prospects
- Provide detailed proposals within 48 hours of request
- Follow up within 1 week of proposal delivery

Success Metrics

A. Outreach Metrics

- Contacts made per week: Target 20
- Qualified prospects per month: Target 10
- Proposals delivered per month: Target 5
- New clients per month: Target 2

B. Conversion Tracking

- Percentage of calls resulting in proposals
- Proposal-to-client conversion rate
- Average time from first contact to signed agreement
- Client satisfaction scores

Resource Requirements

A. Time Investment

- Owner: 10 hours per week on outreach
- Administrative: 5 hours per week on follow-up
- Total: 15 hours per week initially

B. Material Needs

- Professional business cards
- One-page company overview
- Sample estimate portfolio
- Presentation materials

Budget Allocation

A. Outreach Budget (\$1,500 first 90 days)

- Business cards and marketing materials: \$200
- Industry association memberships: \$300
- Trade show participation: \$500
- Online advertising: \$200
- Follow-up materials and postage: \$100
- Miscellaneous marketing: \$200

B. ROI Expectations

- Target: 1 new client per 10 qualified prospects
- Average client value: \$5,000+ annually
- Break-even: 1 new client per quarter
- Target: 8 new clients in first year
