

Marketing and Client Acquisition Strategy for JAM Construction

Brand Positioning

Core Value Proposition

“Expert commercial estimating expertise applied to both commercial and residential projects, delivering accurate, timely estimates that help contractors win more bids and improve profitability.”

Brand Message

- Leverage commercial construction experience for all project types
- Accuracy and reliability backed by extensive industry experience
- Personal attention with professional results
- Understanding of both project complexity and budget constraints

Target Market Segmentation

Primary Targets (70% of effort)

1. Mid-Size Commercial Contractors (\$5M-\$50M revenue)

- **Profile:** Established contractors with 10-50 employees
- **Pain Points:** High cost of full-time estimator, complex projects requiring specialized knowledge
- **Approach:** Emphasize commercial expertise and ability to handle complex projects
- **Acquisition Method:** Direct outreach, industry networking, referral programs

2. Residential Remodeling Contractors (\$1M-\$10M revenue)

- **Profile:** Contractors specializing in kitchen, bath, basement, and whole-home renovations
- **Pain Points:** Lack of in-house estimating expertise, time constraints
- **Approach:** Highlight dual market expertise and ability to handle custom projects
- **Acquisition Method:** Trade association participation, local contractor meetups

Secondary Targets (20% of effort)

3. Small Contractors (\$500K-\$5M revenue)

- **Profile:** Startup contractors or sole proprietors
- **Pain Points:** No estimating capability, time constraints
- **Approach:** Affordable entry-level services, simple project focus

- **Acquisition Method:** Online marketing, contractor supply house partnerships

4. Subcontractors Needing Bid Support

- **Profile:** Specialized trade contractors (electrical, plumbing, HVAC)
- **Pain Points:** Limited estimating resources for larger projects
- **Approach:** Takeoff and material calculation services
- **Acquisition Method:** Trade association participation, direct outreach

Tertiary Targets (10% of effort)

5. Developers and Property Managers

- **Profile:** Real estate developers, property management companies
- **Pain Points:** Feasibility analysis, renovation budgeting
- **Approach:** Feasibility and preliminary estimate services
- **Acquisition Method:** Real estate networking events, property management associations

Marketing Channels & Tactics

1. Direct Outreach & Networking (Primary Channel)

Industry Associations

- **Associated General Contractors (AGC) of Minnesota**
 - Join membership
 - Attend monthly meetings
 - Participate in committees
 - Sponsor events
- **Construction Specification Representatives International (CSI) - Minnesota Chapter**
 - Network with specifiers who influence contractor selection
 - Share expertise through presentations
- **National Association of Home Builders (NAHB) - Minnesota**
 - Connect with residential contractors
 - Attend local chapter meetings

Local Events

- Construction industry trade shows
- Chamber of Commerce events
- Contractor meetups and roundtables
- Building permit department networking

2. Digital Marketing

Professional Website

- Showcase commercial experience and capabilities
- Portfolio of project examples (anonymized)
- Client testimonials
- Blog with industry insights
- SEO optimization for “construction estimating Minneapolis”

LinkedIn Marketing

- Optimize profiles for construction industry keywords
- Share industry insights and market trends
- Join construction-related groups
- Direct connection with potential clients
- Content marketing showcasing expertise

Google My Business

- Optimize for “construction estimating” and related terms
- Encourage client reviews
- Regular updates and posts

3. Referral Programs

Contractor Referral Program

- Offer 10% commission for successful referrals
- Create referral partnership agreements
- Maintain referral tracking system
- Recognize top referrers publicly

Supplier Partnership Program

- Partner with lumber yards, supply houses
- Joint marketing opportunities
- Cross-referral agreements

4. Content Marketing

Educational Content

- Webinars on construction estimating best practices
- White papers on market trends
- Case studies (anonymized) showing cost savings
- Blog posts addressing common estimating challenges

Thought Leadership

- Speaking opportunities at industry events
- Guest articles in construction publications
- Podcast appearances

- Panel discussions

Client Acquisition Funnel

Awareness Stage

- **Goal:** Make potential clients aware of JAM Construction services
- **Activities:**
 - Industry networking
 - Content marketing
 - Trade show participation
 - Online advertising (LinkedIn, Google Ads)

Interest Stage

- **Goal:** Demonstrate value and expertise
- **Activities:**
 - Free consultation or project assessment
 - Educational content distribution
 - Case studies and success stories
 - Webinar attendance

Consideration Stage

- **Goal:** Build trust and prove capability
- **Activities:**
 - Pilot project or small engagement
 - References and testimonials
 - Detailed proposal with methodology
 - Meeting with decision-makers

Decision Stage

- **Goal:** Close the deal
- **Activities:**
 - Formal proposal presentation
 - Contract negotiation
 - Onboarding process
 - First project execution

Retention Stage

- **Goal:** Ensure satisfaction and repeat business
- **Activities:**
 - Project debrief and feedback
 - Regular check-ins
 - Additional service offerings

- Referral requests

- Target: 40-50 clients

Key Performance Indicators (KPIs)

Acquisition Metrics

- New clients acquired per month
- Cost per acquisition (marketing spend $\div$ new clients)
- Conversion rate from lead to client
- Average time from first contact to signed agreement

Engagement Metrics

- Website traffic and engagement
- Social media followers and engagement
- Event attendance and connections made
- Email open and click-through rates

Retention Metrics

- Client retention rate
- Repeat business percentage
- Client satisfaction scores
- Referral rate from existing clients

Success Measurement

Monthly Tracking

- Number of new leads generated
- Number of qualified prospects contacted
- Number of proposals submitted
- Number of new clients signed

Quarterly Review

- Marketing ROI by channel

- Client acquisition cost trends
- Market penetration by segment
- Adjustments to strategy based on performance

Annual Assessment

- Total new client acquisition
- Market share in target segments
- Brand recognition metrics
- Overall marketing effectiveness
