

JAM Construction - Marketing & Sales Strategies

Sales Process Framework

Lead Qualification Matrix

Ideal Customer Profile: - Company Size: \$2M-\$50M annual revenue - Employee Count: 10-50 employees - Geographic Focus: Twin Cities metro area - Services: General construction, specialty trades, residential/remodeling - Pain Points: Estimating capacity, accuracy, time constraints

Qualification Questions: 1. What is your current estimating process? 2. How many projects do you bid monthly? 3. What is your typical project size range? 4. What challenges do you face with current estimating? 5. When do you need the estimate completed? 6. What is your budget for estimating services? 7. Who makes the decision on estimating services? 8. What is your timeline for this project?

Sales Funnel Optimization

Stage 1: Lead Generation (Target: 50 leads/month) - Marketing activities to generate awareness - Trade publication advertising - Networking event attendance - Referral program implementation - Digital marketing campaigns

Stage 2: Lead Qualification (Target: 20 qualified leads/month) - Phone qualification calls - Needs assessment conversations - Fit evaluation (budget, timeline, requirements) - Move qualified leads to proposal stage

Stage 3: Proposal Development (Target: 10 proposals/month) - Customized proposals based on client needs - Value-focused presentations - Competitive pricing aligned with value - Follow-up within 48 hours

Stage 4: Closing (Target: 5 new clients/month) - Proposal presentation - Objection handling - Contract negotiation - Onboarding process

Stage 5: Retention (Target: 85% retention rate) - Excellent service delivery - Regular communication - Additional service offerings - Referral requests

Marketing Channel Strategy

Digital Marketing

Website Optimization - SEO targeting “construction estimating Minneapolis” - Case study showcase - Client testimonials - Service pages optimized for each market segment - Lead generation forms

Content Marketing - Monthly blog posts on construction industry trends - Quarterly market reports - Educational webinars - Video testimonials from satisfied clients - Social media content strategy

Email Marketing - Monthly newsletter to contractor database - Drip campaign for new leads - Seasonal promotions - Educational content series - Client success story distribution

Traditional Marketing

Trade Publications - Advertisements in Midwest Construction - Article contributions to industry publications - Sponsorship of industry events - Classified ads in construction publications

Direct Mail - Quarterly mailings to contractor database - Postcards for seasonal promotions - Brochure distribution at trade shows - Targeted mailings to government contractors

Networking & Events - Monthly chamber of commerce meetings - Construction trade association events - Government contractor meetups - Construction trade shows - Professional association meetings

Client Retention Strategies

Service Excellence Program

Delivery Standards - On-time delivery: 95% of estimates completed by deadline - Accuracy standards: 98% accuracy verified through post-project analysis - Communication: 24-hour response to client inquiries - Revision policy: Included in initial agreement

Client Communication Protocol - Project kickoff meeting for new clients - Weekly progress updates during estimate development - Final delivery meeting to explain estimate - 30-day follow-up to assess satisfaction - Quarterly check-ins with key clients

Value-Added Services

Ongoing Support - Post-delivery consultation for 30 days - Change order assistance during project - Market updates relevant to client's market - Referral to other trusted professionals when needed

Premium Client Program - Expedited service for key accounts - Volume discounts for multiple projects - Priority scheduling during busy periods - Dedicated account manager for large clients

Loyalty Incentives

Referral Program - 10% commission for successful referrals - Annual bonus for top referrers - Public recognition for best referrers - Preferred pricing for clients who refer others

Volume Discounts - 5% discount for 3+ projects per quarter - 10% discount for 6+ projects per quarter - Annual loyalty program with tiered benefits - Early payment discounts

Pricing Strategy

Service Tier Structure

Basic Estimate - Material takeoffs only - Simple labor calculations - Standard project types - \$800-\$1,500 per project - 5-7 business day delivery

Standard Estimate - Complete material and labor - Equipment and overhead included - Moderate complexity projects - \$1,200-\$2,500 per project - 7-10 business day delivery

Premium Estimate - Detailed analysis with risk assessment - Value engineering recommendations - Multiple scenario modeling - \$2,000-\$5,000 per project - 10-14 business day delivery

Retainer Programs

Monthly Retainer Options - 10 hours/month: \$800/month (effective rate: \$80/hour) - 20 hours/month: \$1,500/month (effective rate: \$75/hour) - 30 hours/month: \$2,100/month (effective rate: \$70/hour)

Project Retainers - Multi-project agreements with volume discounts - Extended deadline flexibility - Priority scheduling - Reduced rates for committed volumes

Competitive Positioning

Unique Value Propositions

Commercial Expertise - Deep knowledge from major construction company experience - Understanding of complex commercial requirements - Knowledge of regulations, codes, and standards - Experience with large project logistics

Dual Market Capability - Serving both commercial and residential contractors - Understanding of different market requirements - Flexibility to adapt to project needs - Comprehensive service offering

Local Market Knowledge - Understanding of Twin Cities construction market - Knowledge of local subcontractor market - Familiarity with local building codes and permit processes - Established relationships with local suppliers

Differentiation Messages

For Commercial Contractors: “We bring major construction company expertise to your projects, ensuring your bids reflect real-world construction realities.”

For Residential Contractors: “Get commercial-level accuracy and detail for your residential projects without the large firm overhead costs.”

For Government Contractors: “Leverage our knowledge of prevailing wage requirements and compliance protocols to ensure your public project bids are accurate and compliant.”
